

AERIAL LIFTS:

Proper Use Prevents Falls

Fall protection
 Use fall protection
 when working at heights

Do not
 work on a lift
 with a defective
 safety device

Do not
 use a lift
 unless you are
 properly trained
 and authorized
 to use it

Do not
 use a lift
 unless you are
 properly trained
 and authorized
 to use it

Do not
 use a lift
 unless you are
 properly trained
 and authorized
 to use it

Do not
 use a lift
 unless you are
 properly trained
 and authorized
 to use it

Do not
 use a lift
 unless you are
 properly trained
 and authorized
 to use it

During 2011-2017, 2,400 workers were injured and 158 workers were killed by falls from aerial lifts.
